All cooperation can be bilateral or multilateral:

2.2 Research Projects: bilateral or multilateral research on faith in business, e.g.

2.3 Publications projects: e.g. translations, training manuals, ecumenical declaration on faith in business.

2.4 Training/education projects: e.g. theol. Modules on faith in business for students of theology across denominations

2.5 Prayer projects: e.g. common prayer day.

2.6 Conference projects: **21-22 Jan 2019, next conference “Stronger Together” in Geneva.**

2.7 Advocacy projects: with Governments, UN etc.

2.8 Development/charity projects: multiple possibilities.

2.9 Investment projects: e.g. via Faith Invest Alliance.

3. “Faith in Business Alliance” FIBA

- Build a light alliance as platform for future cooperation for synergies, greater outreach and mutual support, for the Glory of God.
- Proposed name “Faith in “Business Alliance” FIBA (Or Faith in Business Forum FIBF).
- Like airline alliances “Star Alliance”, “Sky Team”: e.g. “Uniapac, member of Faith in Business Alliance”
- As a Christian Alliance, but name would be open enough to include later - if we want - faith-based entrepreneurs from other religions.
- “Faith Invest Alliance” (draft name, Zug Declaration) is in preparation, will be multi-faith from beginning. Can be complimentary as it is focussed on investments.
- Formulation of common values, motto (e.g. work is worship, stronger together...) and declaration as common basis
